SUMMARY

Driven software developer and data analyst with expertise in Java, Spring Boot, Vue.js, and data visualization. Proven track record in data-driven analysis and software solution development, complemented by a strong foundation in business administration. Eager to leverage technical and analytical skills in a challenging role that promotes innovative problem-solving and impactful solutions.

Technical Skills

Software Development
- Languages & Frameworks: Java, Spring Boot, Vue.js, HTML, CSS, JavaScript.
- Database & Design: PostgreSQL, SQL, E/R Diagrams.

Data Analysis
- Excel: Advanced functions (XLookup, Pivot Tables, Macros/VBA).
- Visualization & Management: Tableau, Power Query.

Technical Experience

NBA Data Analysis Program

Technologies/Languages Used: Java, API Calls

Role: Developer and Data Analyst

Description: Developed a Java program to automatically retrieve and analyze NBA players' data using external APIs, demonstrating integration of API data retrieval with advanced data analysis.

Shipping Label Processor

Technologies/Languages Used: Java, SQL

Role: Developer

Description: Designed and implemented a Java application to automate downloading shipping labels, scanning barcodes, and saving tracking numbers to a SQL database, enhancing logistics efficiency.

Experience

T-CETRA LLC | Aug '19 - Present

Operation Analyst
- Utilized Excel Macros & Power Automate Flows to increase operational efficiency by 20%, optimize decision-making, & enhance data visualization for stakeholders in operational performance tracking
- Enhanced data accuracy & improved report reliability by 30% through implementing processes like regular data audits using Excel, SQL, & Tableau
- Boosted productivity by 30% through identifying inefficiencies & bottlenecks, & implementing streamlined workflows utilizing Power Automate

Education

Tech Elevator Columbus, OH

Full-stack bootcamp designing software systems and solutions with 800+ hours of education and application

Franklin University Columbus, OH

Bachelor's in Business Administration
